

Ekran Resimindeki Çıktıyı Yazdırır...

```
#include <cstdlib>
#include <iostream>

using namespace std;

int main(void)
{
    int total_line, line = 1, star=1;
    cout << "Kac Satir Olussun? ";
    cin >> total_line;
    while (line <= total_line){
        star=1;
        while (star <= line-1){
            cout << "*";
            star++;
        }
        cout << "*" <<endl;
        line++;
    }
    system("PAUSE");
    return EXIT_SUCCESS;
}
```
